Tayside Children and Young People's Speech and Language Therapy

Information sessions for parents and carers to support a child's language development (children up to 3 years 11 months)

Late Talkers

Your local Speech and Language Therapy Service offers an informal parent information session to help answer these questions which you may have about your child's language development:

- Am I doing the right things?
- What can I do to help?
- What have other parents tried?
- Where can I get help?
- What else could I try?
- Should I just wait and see?
- Will my child catch up?

What to expect at the session:

- Information about your role in supporting your child's language development.
- Information about typical language development.
- Strategies to use during daily activities and to make communication more fun.
- Research findings about screen time and the use of technology with young children.

The information sessions are held at a number of venues and these will be confirmed at the time of booking. Each session lasts approximately 1 hour 30 minutes and you will have the opportunity to speak with a speech and language therapist. We aim to offer sessions during the day and in the evenings. Please note that these small group information sessions are for adults only and your child should not attend.

Book a place online via
Eventbrite "Late Talkers"

Or Phone:

01382 346 550 (Dundee)

01241 873 647 (Angus)

01738 473 714 (Perth)

Research tells us that the right advice and guidance early on will support your child to succeed in later life.
